

Tower Day School
COVID-19 Guidelines for Operation
2020-2021

Tower Day School will follow all applicable regulations found in the Department of Early Education & Care minimum health & safety requirements.

The School will plan to ensure adequate supplies to support hand hygiene behaviors and routine cleaning of objects and surfaces.

For staff in the School, we are confident that if certain measures such as cloth face coverings or non-medical grade masks, respiratory etiquette (cover cough and sneezes), frequent hand washing / hand sanitation and environmental cleaning and sanitizing are widely observed, the School can be operated in a safe and measured way.

All staff are required to wear cloth face coverings (over the nose and mouth). Cloth face coverings will be washed daily. Paper masks may be reused if aired out overnight. Masks or face coverings will not be used by anyone who has trouble breathing or is unable to remove their mask without assistance. Proper hand hygiene will be practiced immediately after handling a mask or face covering. Children are encouraged to wear a mask at school, but are not required to.

Children are prohibited from bringing items from home into the School, including toys, stuffed animals, blankets, etc. The only items permitted to be brought from home by children are a backpack with a daily lunch and one change of clothing in a labeled plastic zip-lock bag.
